ONE CHURCH STREET

2023

ANNUAL REPORT

WHO WE ARE

Our Mission

The roots of One Church Street go deep into our community. Our iconic building – which is located at One Church Street in Johnstown, New York – once served as a YMCA, a post office and a center for health and information in the community. Our vision is to complete the ongoing renovation of our building to house our existing programs that combat food insecurity, to develop new programs to augment our existing offerings, and to provide a community hub for events and programs benefiting the entire community. Our mission is nourishing our community in body, mind and spirit.

Our Programs

The **Johnstown Food Pantry** has been in existence for over 30 years. During 2023, the Food Pantry distributed enough food to make 53,586 meals. For the time being, we are operating in a temporary location across the street from One Church Street while our new space is being renovated.

The **NOAH** program (Needy or Alone and Hungry) serves a hot, nutritious, free meal every Sunday to every person who wishes to attend. No questions are asked. This program has operated for the past 30 years, and serves nearly 500 meals each month.

Our "**Food is Medicine**" initiative was created to address the poor diet that comes with food insecurity that carries physical and mental health challenges for adults and children. We have cultivated partnerships with local growers and health professionals with the goal of creating a "Food Pharmacy" with our "Food is Medicine" initiative at One Church Street to address chronic diet-related diseases like diabetes by providing healthy foods and dietary education.

We launched our OCS Space Mission campaign later that month to raise the remaining funds for the building renovation. By the end of the year*, you donated \$135,961!
